Armour Protection Board - Grey is a heavy-duty temporary surface protection solution designed for high-traffic projects, providing long-lasting defense against demanding conditions while remaining easy to handle and install.

- Made from 4mm thick fluted plastic sheet for strong, durable protection
- Withstands heavy impacts and high traffic from carts, lifts, and equipment without compromising performance
- Lightweight, waterproof, flexible, and easy to cut, offering fast installation and reuse across multiple projects
- Lays flat for reliable coverage, making it a trusted choice for professional contractors
- Commonly used to protect floors, doors, walls, and countertops from major construction damage like high impacts in high-traffic areas or long-term projects
