ARMOUR DOOR-GUARD

FOAM BACKED | RE-CYCLED | WATERPROOF | RE-USABLE | CUSTOM BRAND IT

Armour Door-Guard is a fast and effective solution for protecting doors from impact and jobsite damage, combining durability, ease of use, and reusability for professional-grade protection on high-value doors.

- Made from 4mm thick fluted plastic sheet with foam backing for impact resistance and surface protection
- Soft foam backing prevents scuffs and scratches on new doors
- Easy to install: hangs over the door, unfolds on either side, and secures with attached Velcro straps
- Pre-folded design allows compact storage and highly reusable for multiple projects, improving cost-effectiveness and sustainability
- Commonly used to protect high-value doors from moderate to major construction damage like repeated impacts, heavy wear, or sustained activity in busy or long-term projects
