CUSTOM BRAND IT

Armour Vert-Shield is a temporary vertical surface protection solution designed to provide quick, secure coverage while removing cleanly after use, helping reduce cleanup, touch-ups, and repair costs on active jobsites.

- Made from durable protective material with an integrated adhesive strip and perforations every 21 inches for fast, tool-free installation.
- Peel-and-stick adhesive strip secures the material directly to surfaces for quick, reliable application.
- Perforated design allows for easy tearing without cutting tools, helping save time during installation.
- Removes cleanly for up to 60 days, reducing the risk of adhesive residue on finished surfaces.
- Commonly used to protect cabinets and millwork, bathtub and shower surrounds, and other vertical surfaces from moderate construction damage like light impacts or wear in medium-traffic projects.
