ARMOUR BULLDOG BOARD KNIFE

RE-USABLE

The Armour Bulldog Board Knife is designed for safe and precise cutting of Armour Bulldog Board products, giving contractors a reliable tool to cut protection materials without risking damage to finished surfaces.

- Ergonomic handle and dual covered blades for safety and control
- Blades are designed to cut protection materials without scratching or gouging the surface below
- Lightweight build ensures easy handling and reduces user fatigue
- Provides accuracy and safety for cutting on active jobsites
- Commonly used to cut paperboard protection to size for minor to moderate construction damage like scuffs, scratches, or light impacts in projects with occasional or medium traffic
